

Welcome to the **Easter edition** of our Sheffield CU Passport Activity Newsletter.

activities as normal, but we're excited to see just how many activities ARE going ahead this Easter! Some of them are being delivered remotely while others will be delivered in a Covid-secure, face-to-face way. CU credits can be earned by taking part in all their activities and Learning Destinations will be sending us their CU registers as usual. In addition, there are a number of Learning Destinations who have developed online, downloadable activities so keep an eye on their websites and social media for

As a result of the Covid-19 pandemic, many of our Learning Destinations are still not quite running

more info. You can find a list of all our Learning Destinations at the end of this newsletter.

During the first lockdown and over the summer last year, we published daily CU Home Learning Challenges and we reached **98** of them by the end of the school year! As they were so successful, we continued publishing challenges during the school holidays and the great news is that they're all still available for you to download and complete, so have a look for the links to access them, later in this newsletter. There is information on how you can claim CU credits for completing these challenges if you normally attend a Sheffield school and have a Passport to Learning.

If you see challenges published by other CUs, then do feel free to complete them. To claim your CU credits for these, you'll need to download a diary sheet from our website - https://bit.ly/SCUHomeLearningReflectionDiary (or use the one attached to the back of this newsletter!) and email it in to us to make sure your credits are counted! Find Learning Destinations in Sheffield (www.sheffield.gov.uk/cu) and beyond at www.childrensuniversity.co.uk

If you would like to join our Parent/Carer Mailing list to receive updates, activity information and news, please email CU@sheffield.gov.uk. Otherwise, make sure you're following us on social media for our daily CU Home Learning Challenges and other regular updates! In the meantime, stay safe, stay happy, have fun and keep learning!

## Easter Holidays Home Learning Challenges 2021

A collection of fun, home learning activities, crafts and games to enjoy with your family

Collect 1 CU credit per activity with your Passport to Learning. Remember to complete and return your Learning Reflection Diary to claim your credits!

#### Easter Challenge: Coping Skills

Coping skills are things we can do or say to help remind us that we are strong, valuable people, even when things get hard. Each one of us have different coping skills that help us feel better during tough times.

- Paper
- Scissors
- Colouring pencils
- Glue/Sticky tape

What do you do that makes you feel calmer when things feel more difficult? You might count slowly to 10 and take big deep breaths. You may find it helpful to talk to a friend or family member about how you feel. Or it might help you to get creative and draw a picture, read a book or listen to music, or maybe being more active and going for a walk or dancing?

This activity will help you create your very own Easter basket full of coping skills, giving you the tools you need to help you deal

with challenging situations.

Step 1: Print and carefully cut out the Easter basket and egg templates below. If you don't have a printer, you could always draw your own eggs and Easter basket and use those!

Step 2: Think about what coping skills help you feel calmer when things feel more difficult and make a list. Include as many as you can think of! When I have big feelings, I will hum for my coping skills!

Step 3: Colour in and decorate your Easter basket, then decorate your Easter eggs, writing one of your coping skills on each egg. Stick these onto your basket and voila! You have now created your very own Easter basket full of coping skills as a reminder of how you can help yourself feel better during tough times.

Top Tip: Before you stick your eggs to your basket, why not hide them around your house and garden and have a coping skills egg hunt?

If you attend a Sheffield school, you can collect 1 CU credit for completing this task. To claim your credits, please complete and return a Sheffield CU Home Learning Challenge Reflection Diary which can be found here: https://bit.ly/SCUHomeLearningReflectionDiary Once you have completed all the challenges, email your reflection diary along with evidence of your completed activities to cu@sheffleld.gov.uk (photos/videos etc.) and we'll award CU credits. We can't wait to see your work!

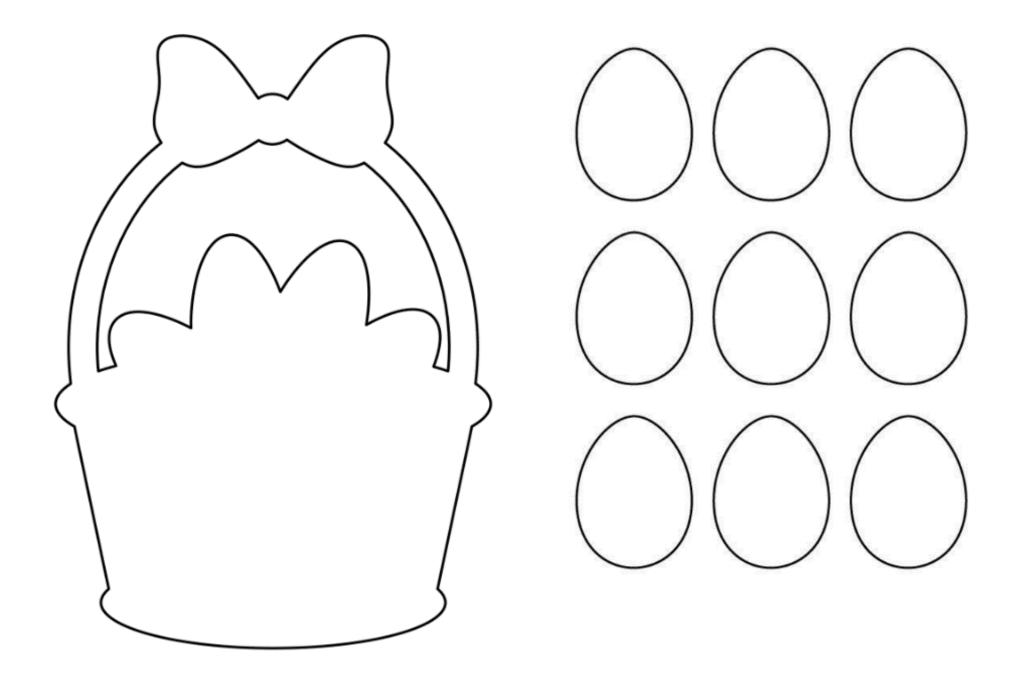

#### Easter Challenge: Bubble Painting

It's time to get creative and make a painting without a paintbrush! We recommend that this activity is done outdoors as it can become rather messy!

Step 1: Ask an adult to help you add 3 tablespoons of bubble solution (or a drop of washing up liquid) and two tablespoons of paint into a cup or small bowl.

Step 2: Mix the paint and bubble solution together.

Step 3: Place your piece of paper on to a flat surface. You might want to cover the surface first in newspaper or plastic?

Step 4: Dip the wand or straw into the bubble paint and then blow out bubbles so they land on the paper.

Step 5: Another way to create bubble paintings is to use your straw to blow bubbles into the mixture while it's in the bowl. Then take your paper and lay it over the top of the bubbles then turn it back over and reveal your artwork. You

could even challenge yourself to see how many colours you can get on one page. And you could even see what happens when You mix the colours.

Step 6: Allow to dry before hanging up the colourful bubble painting!

Have fun!

You will need:

up liquid)

Tablespoon

Bubble Solution (or washing

Bubble Want or Plastic Straw

- Cups or Small Bowls

Paint

Paper

If you attend a Sheffield school, you can collect 1 CU credit for completing this task. To claim your credits, please complete and return a Sheffield CU Home Learning Challenge Reflection Diary which can be found here: https://bit.ly/SCUHomeLearningReflectionDiary Once you have completed all the challenges, email your reflection diary along with evidence of your completed activities to cu@sheffield.gov.uk (photos/videos etc.) and we'll award CU credits. We can't wait to see your work!

#### Easter Challenge: Grow your own Sunflower

Did you know, each sunflower is made up of thousands of teeny flowers. The iconic yellow petals and fuzzy brown centres are actually individual flowers themselves. As many as 2,000 can make up the classic sunflower bloom. You should harvest sunflowers in the morning, not the afternoon, if you're planning to clip a few to display in a vase. Each sunflower can contain as many as 1,000 to 2,000 seeds. So there are tons for birds to eat! But you can harvest and roast them for yourself, too. There are

#### You will need:

- Sunflower seeds
- Soil or compost
- A pot or patch of garden to plant your sunflower in
- A pen and paper to keep your sunflower growth diary

about 70 species of sunflowers. The tallest sunflower on record was over 9m tall, grown in Germany by Hans-Peter Schiffer. So here's a challenge to see how tall you can grow a sunflower!

Step 1: Plant your sunflower seed in approximately 3-5cms of soil (if you're planting more than one seed you'll need to plant them around 15cms apart).

Step 2: Water your seed/s once a week with plenty of water.

Step 3: Once your seed has started to spout, keep a diary of its growth and describe the changes you see.

Nestle are currently giving away free sunflower seeds, all you need to do is go to the link below and register. It may be that your parent/carer needs to register for you. Otherwise, they're really cheap to buy from a shop, and remember to harvest the seeds from any you manage to grow so you have a supply ready for next year!

https://www.latestfreestuff.co.uk/free-garden-stuff/free-sunflower-seeds-nestle/

If you attend a Sheffield school, you can collect 1 CU credit for completing this task. To claim your credits, please complete and return a Sheffield CU Home Learning Challenge Reflection Diary which can be found here: https://bit.lv/SCUHomeLearningReflectionDiary Once you have completed all the challenges, email your reflection diary along with evidence of your completed activities to cu@sheffield.gov.uk (photos/videos etc.) and we'll award CU credits. We can't wait to see your work!

#### Easter Challenge: Flower Press Bookmarks

This activity is a really easy way to create your very own personalised bookmark.

Step 1: Collect a flower of your choice. This can be as big or small as you like but remember we're going to be making a bookmark with it! (Do be aware of where you're collecting your flower from, and remember not to take flowers from gardens unless you have permission)

#### You will need:

- A piece of card or paper
- A heavy book (or object)
- A strip of card (big enough for your chosen flower to fit)

Step 3: You'll now need to place this within or under a heavy book (or another heavy object) and leave for 2-3 days until it has been squashed flat and is dry. If it's not quite ready, leave it a little longer.

Step 4: Once it's dry and flat, it's time to glue your pressed, dry flower to your strip of card.

Step 5: Now you can decide if you'd like to add more detail. Maybe drawing or colouring around your flower, add glitter or other craft items, or even just add your name. Why not make a small hole at one end and tie on threads of wool or coloured thread?

Now you have created your bookmark, think about the other things you could create using this same method!

If you attend a Sheffield school, you can collect 1 CU credit for completing this task. To claim your credits, please complete and return a Sheffield CU Home Learning Challenge Reflection Diary which can be found here: https://bit.ly/SCUHomeLearningReflectionDiary Once you have completed all the challenges, email your reflection diary along with evidence of your completed activities to cu@sheffield.gov.uk (photos/videos etc.) and we'll award CU credits. We can't wait to see your work!

#### Easter Challenge: Food Friends

Here's a fun challenge to get you being creative with food! The only thing you will need to think about, is the colour of your breakfast, lunch or dinner. You may also need a little help from an adult for some parts of this activity!

#### You will need:

- Your breakfast, lunch, dinner or snack
- A knife
- Cocktail sticks or bamboo skewers (optional)

Step 1: Think about the food you're having and think of the animal you could make with your food - what shapes could you make? What colours will you have?

Step 2: You'll need to think about the different shapes you will need to make the different elements of your animal and whether this shape can be made by bending or shaping your food or whether it will need to be cut.

Step 3: Now you have your shapes assemble your animal by using your cocktail sticks, bamboo skewers or even just putting it together on your plate.

Step 4: Now you can enjoy your delicious lunch!

Step 5: Can you set yourself a challenge and try at least one new food each time?

Our Football Camps are BACK! Our football camps will be running this Easter for boys and girls aged 5-14 years. Our camps run during the Sheffield school holidays at various facilities across the city and blend fun activities with structured coaching and games. Children and young people are able to improve their techniques through a variety of activities, learn new moves and skills and most importantly, have lots of fun. It is also a chance for children to make new friends in a safe and friendly environment. Throughout our camps we pride ourselves on promoting respect, politeness, encouragement, fair play and teamwork.

For the Easter Camps we will be running camps at the following venues:

- St. George's Park Westfield, Moss Way, S20 8FA
- St George's Park Graves, S8 8JR
- Handsworth Sporting Club, S9 4PA

We will also be running a separate Girls Only Football Camp at each of the venues above. The dates for each our mixed camp are as follows:

## Sheffield CU Home Learning Challenges: Reflection Diary

If you choose to complete one or more of our Home Learning Challenges that we share - well done! We can't wait to see what you've been learning and creating! If you attend a Sheffield school, you can earn CU credits for completing them. To claim your CU credits, please fill in the table below and email a copy of this sheet to CU@sheffield.gov.uk with the evidence of each challenge we have asked for (e.g. photos, video, scanned copies of written work, etc.). Please save the evidence from all your completed challenges, and send it all together!

Child's SHEFFIELD school attended:			CU Passport to Learning No:		
Date completed	Name of challenge	What I learned by completing this challenge (list at least 3 things!)	What I enjoyed most about this challenge	Total number of credits earned in the activity	

subsequently to award CU credits. I understand this data will be stored securely and only shared with other Council services and schools where appropriate. I also understand that I can request that my child's information is deleted at any point, and that I can find more information on how Sheffield CU uses my child's data by reading the Privacy Notice on their website: www.sheffield.gov.uk/cu
