WELCOME TO SHEFFIELD HERITAGE OPEN DAYS 2023

Welcome to Sheffield Heritage Open Days Festival 2023! Once again, Sheffield and its surrounding area will be showcasing over 100 free tours, walks, exhibitions and events between 8 – 17 September 2023 as part of England's biggest festival of heritage and culture – and everything is, as always, FREE to explore.

Each year thousands of people from across our area and visitors from further afield enjoy exploring a wide and varied selection of places to visit and things to do, often in unusual locations or at places which are usually not open to the public.

This year's festival theme is 'Creativity Unwrapped' which has allowed many of our participants to showcase Sheffield's rich creative heritage, whether it be in silversmithing, landscape design, architecture, art, or the many other trades, crafts and skills which have led us to be a 'City of Makers.' There truly is something for everyone inside this brochure so we hope you will explore and discover something new about Sheffield by attending one or more of our events this year.

The Sheffield Heritage Open Days Festival is coordinated by Sheffield Civic Trust, a registered charity which aims to shape the future of the city by encouraging public awareness and appreciation of our city's heritage, places and spaces. We are an independent, non-political grass-roots organisation representing our members' views to the city's authorities, so if you'd like to join us and support the initiatives we run such as Heritage Open Days and the Sheffield Design Awards, and attend our programme of talks and tours, you can sign up for as little as £10 - email us at

info@sheffieldcivictrust.org.uk for details of how to join and what we offer.

We are grateful to Sheffield City Council, Sheffield Town Trust and the J G Graves Charitable Trust for their financial support of the festival; this enables us to produce this free brochure and to coordinate the festival across Sheffield.

We are delighted to be partnering again with the Sheffield Walking Festival to run heritage-themed walks, and also with the Sheffield Assay Office, who are celebrating their 250th anniversary with special events at venues around the city centre which celebrate our city's rich heritage in the design and manufacture of items made from precious metals.

A small coordinator team of volunteers work hard throughout the year to bring you a Heritage Open Days festival in Sheffield which is one of the biggest and best in the country. If you'd like to get involved, email us at hods@sheffieldcivictrust.org.uk

This brochure was correct when we went to press in July 2023; as always please check at www.heritageopendays.org.uk for the latest updates before setting off.

Broomhill Community Library, 10 Tiptonville Road, Sheffield, South Yorkshire, S10 5BR

An opportunity for those representing our global cultural communities to explore the heritage in Broomhill through their eyes. We will walk, have conversations and take photographs to create a collaborative visual for the Library.

Tuesday 12 September: 11.30-13.00

HAPPY BIRTHDAY SHEFFIELD WINTER GARDEN!

Sheffield's iconic Winter Garden celebrates its 20th anniversary this year. It is the largest urban glasshouse in Europe and was opened by Queen Elizabeth II on 22 May 2003.

Most of us will have been inside the Winter Garden at some point, to enjoy a break from the hustle and bustle of the city centre, to enjoy the variety of plants from across the world, or perhaps to soak up the atmosphere of the World Snooker Championships when the BBC broadcasts from there every spring.

Sheffield Winter Garden was designed by Pringle Richard Sharratt Architects, who also designed the adjoining Millenium Gallery as part of the first phase of Sheffield City Council's 'Heart of the City' project. In the last twenty years the Winter Garden has become an iconic structure in Sheffield City Centre, with its great glass roof ribbed with 21 huge wooden arches that sweep from

floor to ceiling. It stands 70m long and 22m high and inside you can find huge pine and eucalyptus trees as well as many plants from across the world.

Its garden areas contain over 2,500 exotic and unusual trees and plants, and its seating areas and tranquil atmosphere give the Winter Garden the feeling of being an oasis in the city centre; an indoor park which complements the nearby outdoor Peace Gardens. Sheffield Winter Garden has become an important and much-loved amenity for the people of Sheffield over the last twenty years.

Sheffield Civic Trust, in association with the Sheffield Society of Architects, is proud to welcome Malcolm McGregor RIBA SCA from the original architect's team back to Sheffield to present a special talk and tour for Heritage Open Days in honour of its 20th birthday. This special one-off event will take you on the journey of Sheffield Winter Garden from idea to fruition and is bound to be one of the highlights of this year's festival.

22. Burton Street Foundation History Tour

The Burton Street Foundation, Chapel Building, 57 Burton Street, Sheffield, South Yorkshire, S6 2HH

Join Burton Street Foundation's clients, staff and volunteers for a heritage tour with a difference. From a Victorian school to a *Full Monty* film location and a thriving centre for people with learning disabilities.

Tuesday 12 & Thursday 14 September:
10.30 and every hour to 15.30

250 YEARS OF HALLMARKING IN SHEFFIELD

September 2023 marks the 250th anniversary of the opening of Sheffield Assay Office, and Sheffield Civic Trust is delighted to be working in partnership with the Assay Office to celebrate the start of a year-long programme of celebrations.

This year's Heritage Open Days programme features several special anniversary events which focus on the history and heritage of Sheffield's special role in the hallmarking of silver and other precious metals. Look out for displays, talks, tours and exhibitions at the Cutlers' Hall, Sheffield Town Hall, Sheffield Cathedral and the Millennium Gallery which will highlight Sheffield's wonderful civic, ceremonial and decorative silver, showcasing the work of silversmiths and goldsmiths in some of Sheffield's most prestigious locations.

It is impossible to tell the precious metal content of an item just by looking at it so assaying – or testing – metal was introduced in the 18th century and this allowed items to be independently tested for purity and quality. You could say that it is the earliest method of consumer protection!

Since September 1773, Sheffield Assay Office has set the standard for integrity and independence and today millions of pieces of jewellery and items of precious metal from all over the world are assayed there every year, each one stamped with the distinctive Sheffield mark which provides manufacturers and customers with the assurance that it meets the highest quality standards. Sheffield Civic Trust are proud to share in celebrating Sheffield's assaying heritage and hope that you enjoy visiting the Heritage Open Day venues and events which are celebrating this landmark 250th anniversary.

Upper Chapel

Park Hill

Monday 11 September: 10.00-13.00 with walking tours at 10.30 and 11.15

SHEFFIELD: THE HOME OF FOOTBALL

Did you know that without Sheffield the modern game of football wouldn't exist?

It was back in 1857 that Nathaniel Creswick and William Prest founded Sheffield FC, the world's first football club, and shortly afterwards drafted the club's rules of play which became the foundation of the modern game as we know it. And in 1860 Hallam FC opened the world's first football ground which led to the world's first inter-city club game being played on Boxing Day that year. Sheffield FC is recognised by FIFA as the world's oldest football club, and Pele said in 2007, 'Without Sheffield FC there wouldn't be a me.'

Sheffield United FC was established in 1889 at Bramall Lane, which holds the title of the Oldest Professional Football Ground in the World, and was the first ground to ever play a floodlit match. Sheffield Wednesday FC was formed in 1867 as an offshoot of the Wednesday Cricket Club and was known as

The Wednesday Football Club until 1929. It is the second-oldest professional association football club in England and has played at Hillsborough since 1899.

Sheffield is also the home of the two oldest cup competitions which were held in 1867 and 1868, four years before the FA Cup, which is the oldest national football competition in the world.

Sheffield Civic Trust supports the 'Sheffield Home of Football' campaigners whose aim is to establish an international visitor attraction in Sheffield where fans from all over the world can come to visit the place where football was born. There are two Heritage Open Days 'Sheffield Home of Football' events taking place this year, a walking tour and a talk, where you can find out more about Sheffield's role in the beautiful game. There's also a special 'Sheffield Home of Football' beer being brewed by Little Mesters Brewery which you can enjoy throughout the festival on tap at the Gardeners Rest in Neepsend.

115. Creativity Unwrapped: Art Endures

Community Hub, Wombwell Cemetery, Cemetery Road, Wombwell, Barnsley, South Yorkshire, S73 8HY

Prebooking required via email for groups of 10+ mosaic.wombwell@gmail.com

119. St Leonard's Church, Wortley

St Leonard's Church, Wortley, Barnsley, South Yorkshire, S35 7DB

Explore the Church and Churchyard. The church dates from 1753 and contains monuments and memorials to the Wortley family (the Earls of Wharnclyffe). The church tower will be open for guided tower tours to see the clock, bells and bell ringing.

Wednesday 13 September: 11.00-16.00

Saturday 16 September: 10.30-16.00

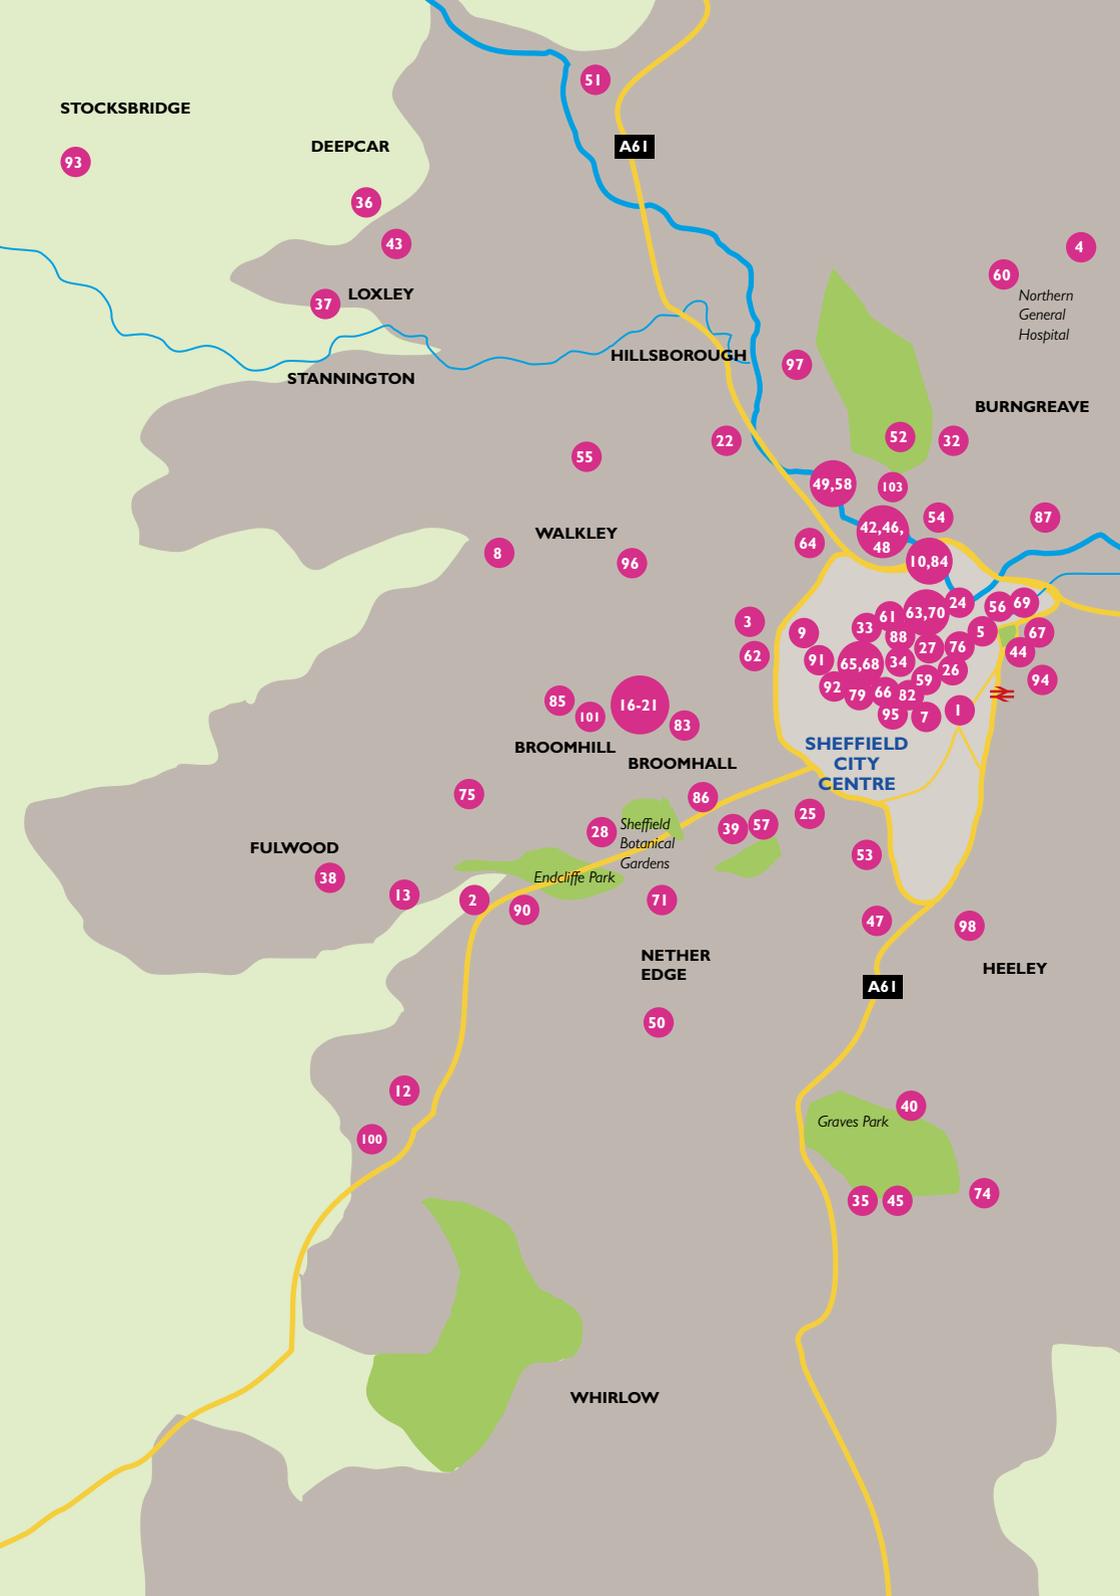

120. Wharnclyffe Musket Range Tour

Wortley Station, Wortley, South Yorkshire

A walking tour to one of the oldest musket or rifle ranges in the country, built by the Wortley family in the mid-19th century.

Friday 15 September: 13.00-17.00

Prebooking required via [Eventbrite](https://www.eventbrite.com)
